Do you have tourist recommendations for Stockholm?

Yes! We recommend visiting the following:

1. [Djurgården](#) - Stockholmers are obsessed with nature, and nowhere is better than Djurgården's tranquil waterside and woodland trails. If you're into art and history, this island also boasts several of the capital's most significant museums. At the open-air Skansen, stroll through five centuries of Swedish houses and farmsteads and observe wild Nordic animals. The Vasa Museum is home to a giant 17th-century salvaged ship, while ABBA: The Museum combines nostalgic memorabilia with quirky interactive exhibits. And choruses, obviously. *(About a 20-minute walk from The Grand Hotel or nearby hotels)*
2. [Old Town \(Gamla Stan\)](#) – One of the largest tourist attractions in Stockholm, Old Town (Gamla Stan) is Stockholm's original city centre and consists of Stadsholmen island and the islets of Riddarholmen, Helgeandsholmen and Strömsborg. *(About a 5-10 minute walk from The Grand Hotel or nearby hotels)*
3. [City Hall Tour](#) - The Stockholm City Hall is one of Sweden's most famous buildings, and one of the capital's most visited tourist attractions. It houses offices for 200 people including the Municipal Council, and is also famous for its grand ceremonial halls and unique art pieces. The Stockholm City Hall is the venue of the Nobel Prize banquet (and the Goodes Prize dinner!). *(About a 20-25 minute walk from The Grand Hotel or nearby hotels)*
4. [The Royal Palace](#) - The palace is the workplace of The King and Queen, and of the offices that are included in the Royal Court. The Royal Palace is a combination of royal residence, workplace and cultural-historical monument, and is open all year round to visitors. *(About a 5-10 minute walk from The Grand Hotel or nearby hotels.)*
5. [Drottingholm Palace](#) - Drottingholm Palace is on UNESCO's World Heritage list. It is the most well-preserved royal castle built in the 1600s in Sweden and at the same time is representative of all European architecture for the period. *(Boats depart from City Hall daily or you can go on a tour. This is a full day trip)*
6. [Sail through the 30,000-island Archipelago](#) - While Stockholm's city skyline is jaw-droppingly beautiful, the wider region's jewel-in-the-crown is its dazzling archipelago, spilling out into the Baltic Sea. Here you'll find thousands of islands, ranging from chic tourist spots boasting boutique hotels and sandy beaches, to deserted rocky outposts sprouting with pine trees. *(Tours are offered daily. You can book the same day or in advance. Booking sites are right across the street from The Grand Hotel or you can book online.)*
